ENVIRONMENTAL & SOCIAL RESPONSIBILITY

We care about sustainability and use only earth friendly products. All of our used cooking oil is recycled into biofuel and all of our containers are recyclable and/or biodegradable. Because these containers tend to be more costly, there is a small surcharge added on To-Go orders.

We also hold a firm belief that we all have an obligation to give back to the community in which we belong. By supporting local charities and non-profits, it allows us to connect with our community and make it a better place!

ALOHA

Since Coconut's Fish Café first opened in Maui, in 2009, it has been continually recognized for its delicious, high-quality food and friendly customer service. Providing fresh, healthy, "island style" food, it has developed a devoted following of both locals and visitors alike. Recognized as one of the top restaurants on Maui, Coconut's has been featured in numerous publications and is proud to have been recognized by Zagat's for having "the perfect fish taco."

In 2013, I opened the first mainland location of Coconut's in Scottsdale. Through our ongoing commitment to providing healthy, great tasting food served with the spirit of aloha, Coconut's has since developed an enthusiastic following in the Valley of the Sun. Using only sustainable wild-caught fish that is hand-cut daily and family recipes; we continue to share our love and passion with guests and ohana alike.

We would like to use this opportunity to say "Mahalo nui loa" from the entire Coconut's ohana to our valued guests. Over the years, God has blessed us in many ways, including the success of Coconut's Fish Café, and we are continually grateful for the pleasure to serve you.

TO OUR SERVICE MEN AND WOMEN AND FIRST RESPONDERS

A special thank you to the men and women who protect and serve. No words are adequate enough to express our admiration and gratitude for your brave service and protection.

MAHALO!
